

Application Form

Scholarship Award Criteria

Thanks to the generous support of [Boehringer Ingelheim](#), a number of Scholarship Awards are available to support students to attend the 6th International 4 Corners of Cardiology Meeting, at the Hilton Hotel in Sydney, from the 18-19 February 2022.

These scholarships have been devised in honour of [Professor Henry Krum](#) who first initiated the 4 Corners of Cardiology Meeting series in Australia back in 2012. As a continuation of his legacy, we are delighted to be able to encourage the education and development of cardiovascular health specialists throughout Australia, an area Professor Krum was very passionate about.

Ultimately one of the finest researchers and specialists in heart failure and broader cardiovascular disease management in the world, Professor Krum was an outstanding leader and served as a role model through service, research and teaching. Professor Krum was the recipient of countless awards and accolades as acknowledgement of his eminent presence within the field. 4CC is deeply honoured to name these scholarships in recognition of his many achievements.

Closing Date: 20 December 2021. There will be no extensions.

The successful applicants will be notified early-January.

Eligibility Criteria

All applicants must be medical trainees, post-graduate students or PhD students in any area of cardiology, including nursing, in Australia.

Judging Process

Scholarship applications will be judged on the basis of the quality of the applications. The decision of the Organising Committee and value of the Scholarship Award is final, and no correspondence will be entered into.

Attachments

Please download and complete this form along with the below requested documents.

Once complete, please email as one PDF to 4ccardiology@arinex.com.au:

- Completed personal details on this page
- Answers to the additional questions on page 3
- List of publications (including conference abstracts) and / or presentations
- Evidence of current student / PhD enrolment (if relevant)

1. Personal Details

Title*	
Given Name*	
Family Name*	
Email Address*	
Mobile Phone*	
Address (including city, country)*	
University studying OR Hospital currently working*	
Name of degree*	
Gender - Male/ Female/Prefer not to say*	
Nationality*	

*Required field

2. Additional questions:

Please share a brief summary of your career to date (qualifications and training) and your future aspirations: (maximum 200 words)

What are the topics on the conference program that are of interest to you and why? (maximum 200 words)

What benefits/ outcomes do you expect to receive after attending the Conference? (maximum 100 words)

Abstract Guidelines

- All abstracts must contain original work that has not previously been reported. Abstracts may be from a range of categories, including original research, case studies, and insight or review articles broadly related to cardiology.
- Abstracts will be reviewed by the Meeting Program Committee.
- Abstracts should take the form of a paragraph not exceeding 250 words. Abstracts exceeding the word limit will be returned for re-submission.
- The abstract should be a summary of the whole paper, briefly outlining the key features, results and conclusions of the work together with their significance.

Poster Submission Criteria

Posters will be a visual presentation of your submitted abstract and should meet the following criteria:

- **Title**
The title should be the same as indicated in the original abstract.
- **Contact Information**
Name of all authors and their organisation should appear on the poster.
- **Size**
Posters must be portrait A0 size (841mm wide x 1189mm high or 33.1in by 46.8in). Posters larger than these dimensions will exceed the allocated space per poster and it will not be possible to display the poster during the Conference. It is therefore essential that the poster adheres to the specified measurements.
- **Lettering**
The poster should be easily readable at a distance of two (2) metres.
