Invitation from the Chair of the Organising Committee

The 5th International 4 Corners of Cardiology Meeting 2020 was a great success and we are now delighted to announce dates for the 6th Meeting, to be held at the **Hilton Sydney**, on the **18-19 February 2022**. As with the first four Meetings, the focus of 4C Cardiology 2022 will be on **high-level updates, debates, hot topics and future research directions in four key areas of cardiovascular medicine**. This format has proven to be extremely popular with both clinicians and researchers, and the scientific content formally endorsed by the European Society of Cardiology. I do hope you will mark this date in your calendar, check the website for updates and join us in Sydney for what promises to be another exciting, cutting edge exploration of the latest advances in cardiovascular medicine. 4CC 2022 promises to be another outstanding meeting – and will be one of the 1st face-to-face cardiovascular meetings since the lifting of Covid-19 restrictions. Those unable to attend in person will be able to attend virtually.

Yours sincerely,

Delegate Profile

4CC Cardiology Meeting delegates will be those who are pro-active and leading the way in the four themes of the meeting. Attendee specialities will include cardiology, diabetes, renal and nursing, and these attendees will be coming from not just Australia, but from all over the world to participate in a specific educational program that has been designed by academics.

What makes this Meeting different from other cardiology meetings is each Meeting there will be a special focus of only four themes, which will be changed depending on where the hot topics lie in that given year. For our Partners and Sponsors, they enjoy a much higher quality level of interaction and connection with key industry figures and stakeholders.

Venue

Following on from the success of the 2020 meeting, Sydney has been chosen as the new host city of the 2022 meeting.

Hilton Sydney is proud to be hosting the 4 Corners of Cardiology Meeting. Conveniently located at the heart of Sydney's Central Business District, it is highly accessible by public transportation network.

Partner and Sponsor Opportunities

The success of past 4C Cardiology Meetings for our Partners and Sponsors has been largely due to the high level of exclusivity offered to each level of sponsorship and with our Major Partner packages in particular limited to just only four available. 4C Cardiology Meeting's Partners and Sponsors provide direct support of further educating and developing our cardiology specialists across these four distinct areas of cardiology. Varying levels of exclusivity are available to suit all budgets and strategies, plus packages can be further tailored to maximise your return on investment.

- A dedicated networking lounge within the catering and break area.

The 4Ccardiology Meeting series is a legacy established and developed in partnership with Professor Henry Krum. Ultimately one of the finest cardiovascular researchers and specialists in heart failure management in the world, Professor Krum accomplished outstanding achievements in the field of cardiovascular disease and has served as a role model through service, research, and teaching.

He was a member of the Executive Committee that established the value of beta-blockers in severe heart failure. He was first author of a paper in the Journal of the American Medical Association that described for the first time, the finding that beta-blockers may produce an early beneficial effect on clinical outcomes rather than the previous paradigm that patients need to wait many months before observing any clear benefit from these therapies.

Professor Krum was the recipient of countless awards and accolades as he became an eminent presence within his field. It is with great honour that we continue his legacy in this Meeting.
